

## Yes, No, I Don't Know

This is a quick, easy, brief activity that is interactive for students or consumers.

Select 5 to 10 Yes/No questions based on your participants ages. Read each question to your participants and ask them to identify **YES** if they agree with the statement or **NO** if they disagree with the statement.

How can they answer? You can create YES/NO cards, vote with your feet, raise hands, stand up/sit down.

### Grades K-2

1. **YES** OR **NO** Agriculture is another word that is used when talking about farming and ranching.
